

Will Lambert

San Diego, CA | wlambert3493@sdsu.edu | will-lambert-portfolio.vercel.app

Business Administration student at San Diego State University studying entrepreneurship. Builds web apps and personal software projects with AI-assisted development; brings four summers of aquatics experience, staff training, and team leadership.

EDUCATION

San Diego State University | Expected May 2030

B.S. Business Administration, Entrepreneurship | San Diego, CA

SELECTED PROJECTS

Goodturn | Personal prototype

- Exploring a place-first outing planner that connects place discovery, multiple stops, and route planning in one interface.
- Used AI-assisted development to iterate on product direction, interface design, and local prototypes; public landing page available through my portfolio.

BERT AI | Personal project in development

- Developing a personal AI workspace with AI-assisted development, focused on bringing conversations, project files, terminals, and shared context into one interface.

EXPERIENCE

Deerfield Park District | Deerfield, IL | Summers 2023-2026

Head Guard (promoted) | Summer 2026

- Promoted after three seasons. Opened and closed two pools on the 5:00 a.m. shift, ran facility safety checks, and supervised guard rotations and incident reports.
- Led in-service training for 100+ new and returning guards, including scanning audits, shadow tests, and individual coaching.
- Started a mentorship program and mentored 20 first-year guards from onboarding through independent chair duty.

Lifeguard | Summers 2023-2026

- Guarded four indoor and outdoor facilities across four summers, with additional winter indoor coverage; enforced rules and de-escalated conflicts for hundreds of patrons daily.

Cashier & Concessions Attendant | Concurrent role

- Handled admissions, point-of-sale transactions, and cash; served food during peak summer crowds while following food-safety standards.

SKILLS & CERTIFICATIONS
